

A photograph of a field of yellow flowers, likely a species of Ranunculus, growing in a grassy area. The flowers are in various stages of bloom, with some fully open and others as buds. The background is a dense field of green grass and other vegetation. The text "DN MARIAGERFJORD" is overlaid in red at the top of the image.

Naturens mangfoldighed

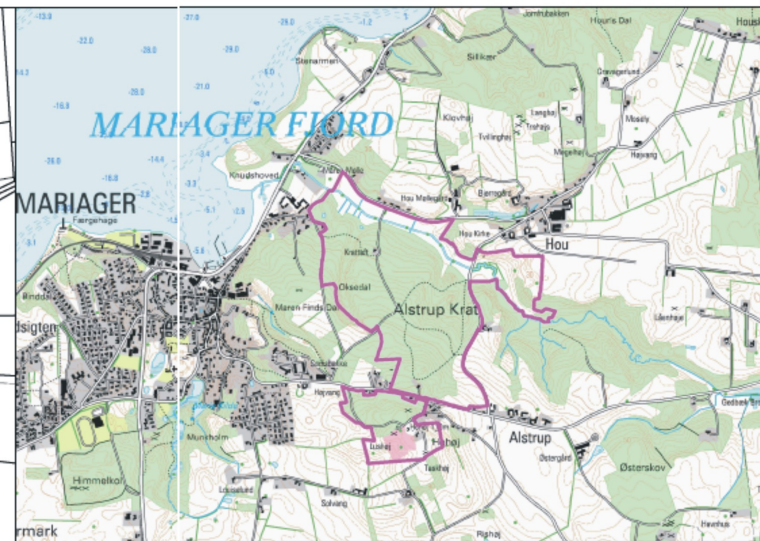

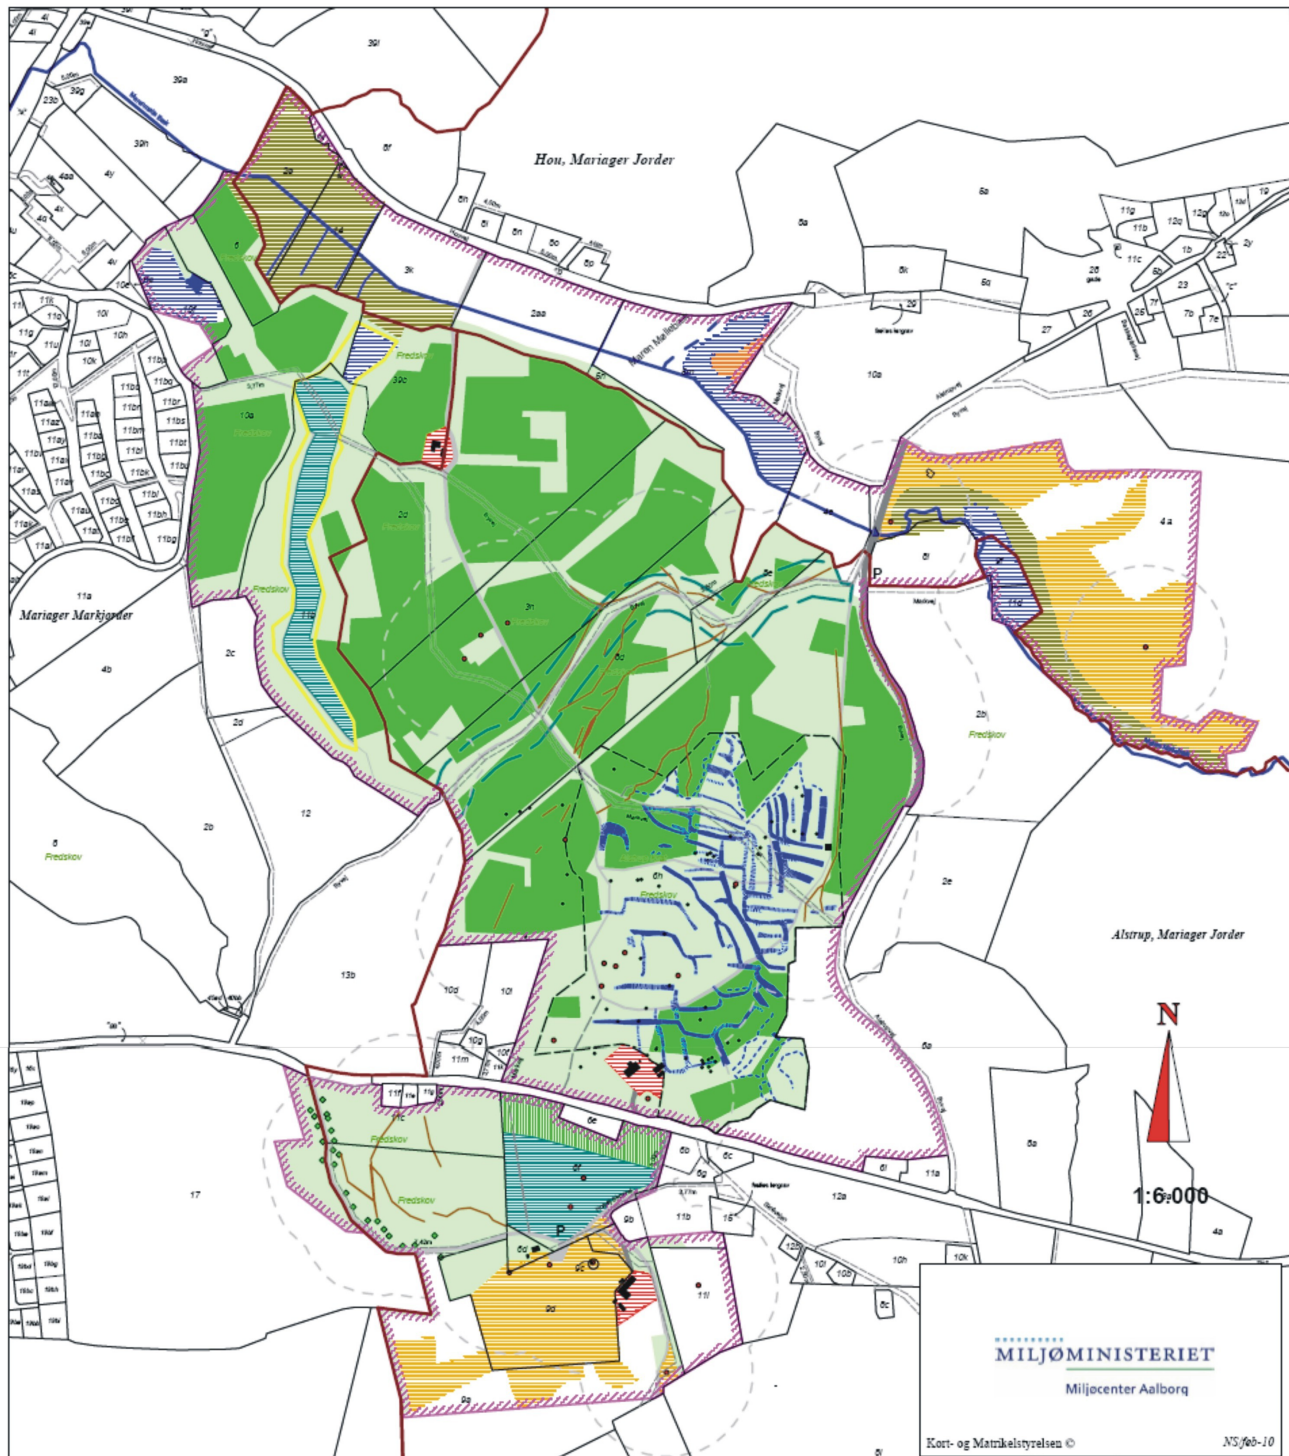

Arter forsvinder
Økosystemer forringes
Haren er blevet et truet dyr

A photograph of a forest streambed. The streambed is a narrow, shallow channel filled with fallen brown leaves and twigs. The banks are steep and covered in vibrant green moss. Tall, thin trees with green foliage surround the stream, creating a dense canopy. The lighting is soft, suggesting a shaded forest environment.
